

DL SERIES

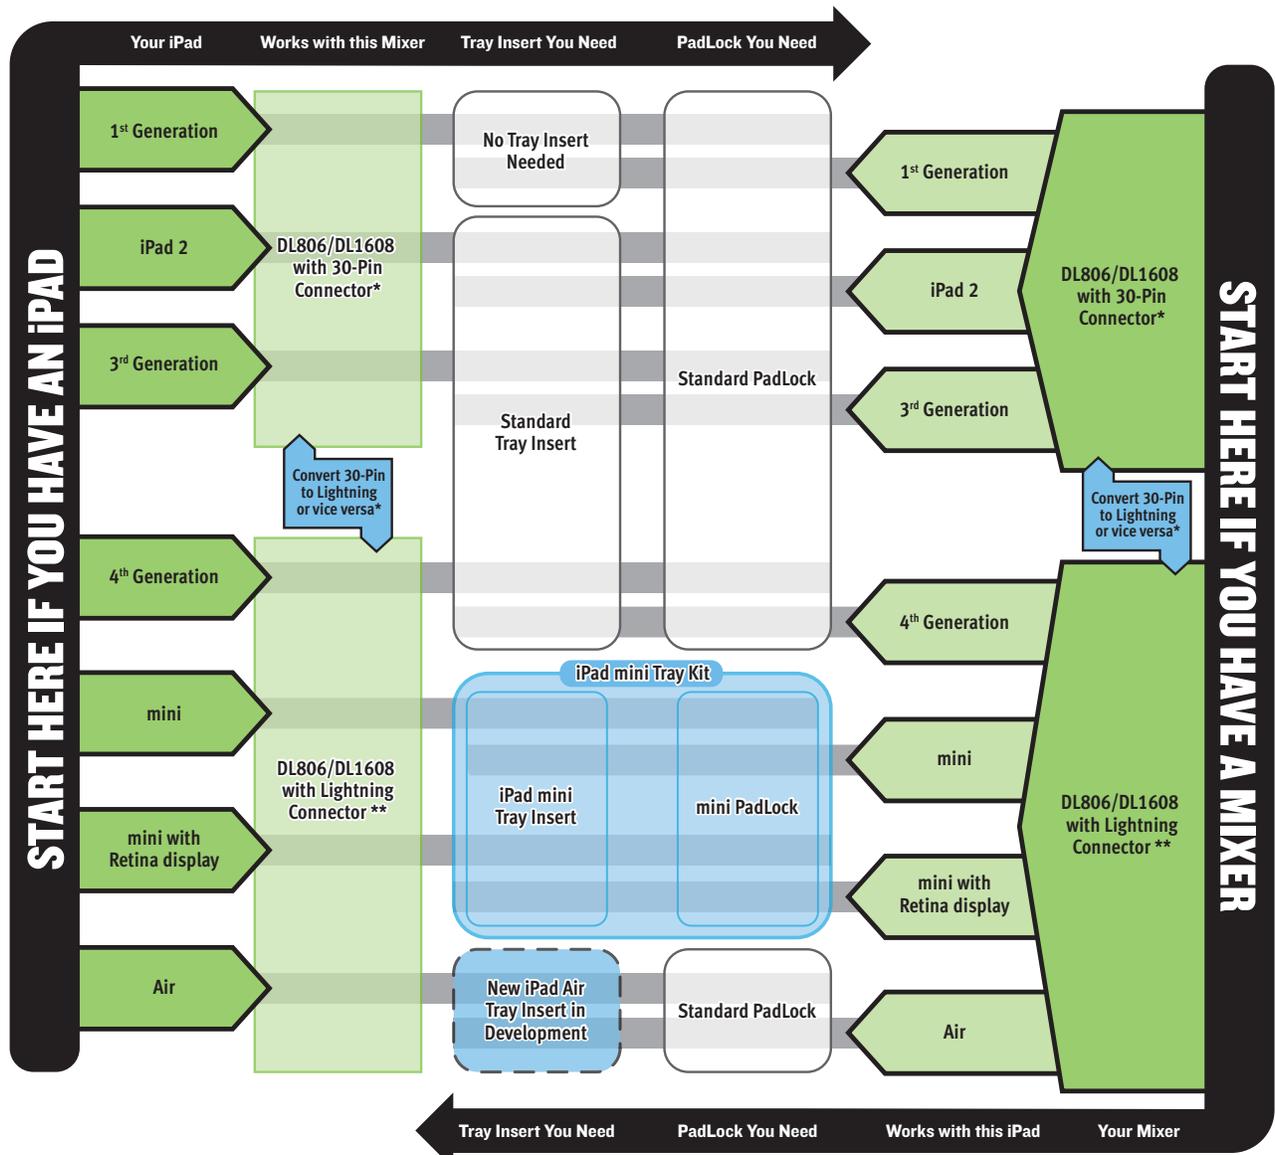

Updated December 10, 2013

iPAD COMPATIBILITY MATRIX

Use this matrix as a one-stop guide to determine which DL Series Mixer and iPad devices are compatible, along with which tray inserts and PadLocks are necessary. Have an iPad already and want to know which DL Mixer to purchase? Simply find your iPad on the left side of the table and follow the chart. Already have a DL Mixer and need to determine which iPad to get? Start on the right side of the table and choose your path. Whatever you have, we've got you covered!

 **Note: Wireless operation works from all iPad models no matter which mixer you choose.**
